

Allison C. Morrill, JD, PhD

Associate Dean for Research and
Associate Research Professor
Westbrook College of Health Professions
University of New England
716 Stevens Ave, Portland, ME 04103-2670
T 207.221.4578 F 207.523.1914
amorill1@une.edu www.une.edu

PERSONAL STATEMENT

I am a seasoned investigator with a JD and a PhD in Psychology, and over 25 years of experience designing and evaluating health-promoting interventions, including media-based programs for health providers and lay populations. I have a particular interest in women's health, in particular sexual health, relationship dynamics, and intimate partner violence – and the connections among those. Special areas of expertise include cross-disciplinary studies of the impact of laws and policies on health behavior, and studies that combine data from multi-level sources. I am proficient in all aspects of research and evaluation: designing studies and instruments, implementing them, analyzing data, interpreting and writing up the results. I have secured numerous grants funded by NIH, CDC, SAMHSA, and State Departments of Public Health, and I serve on an NIH peer review committee. My management experience includes oversight of evaluation teams including methodologists, data collectors, data managers, analysts, as well as expert consultants.

EDUCATION

- PhD** (Psychology) – Boston College, Chestnut Hill, MA
- JD** (Law) – University of Maine Law School, Portland, ME
- AB** (Humanities) – Case Western Reserve University, Cleveland, OH
- HS** – Phillips Academy, Andover, MA
- Multi-lingual (English, Spanish, French)

EXPERTISE

Research and Evaluation Skills

- Interventions – Design and produce award-winning media-based health promotion interventions.
- Evaluation Research – Design and conduct program evaluations using multiple methods, from rigorous clinical trials to ethnographic/documentary methods to observed structured clinical encounters.
- Human Subjects – Experienced IRB member and consultant. Prepare applications for IRB review.
- Data Collection – Develop and administer surveys, interviews, focus groups, OSCEs.
- Data Analysis – Analyze data using SPSS or SAS, and can readily learn new software.
- Writing and Editing – Describe and interpret results for reports and publications. Edit manuscripts, dissertations.
- Grant Writing – Generated over \$7.5 million in federal grants and state contracts.
- Grant Reviewing – Review grant applications for National Institutes of Health.

Subject-Matter Expertise

- Protection of Human Subjects
 - Legal and Ethical Issues in Public Health
 - Obesity
 - Preterm Birth and Infancy
 - Violence against Women
 - Child Custody, Protection
 - HIV/AIDS
 - Prison Health
 - Substance Abuse
 - Participation in Clinical Trials
-

Policies Addressed

- Legal approaches to the obesity epidemic
- End-of-life planning
- Preventing recurrence of premature birth
- Re-integration of prisoners living with HIV
- HIV testing, rapid testing, and partner notification
- Domestic violence and child custody/visitation laws

RESEARCH EXPERIENCE

Westbrook College of Health Professions, University of New England, Portland, ME

– **Interim Associate Dean for Research** 2014 – 2018

– **Associate Research Professor** 2011 – 2018

Project Director, Evaluation of *Building Caring Connections in Maine* (BCCiM) 2013 – 2016

(<https://www1.maine.gov/suicide/docs/Building-Caring-Connections-in-Maine.pdf>)

BCCiM is a Youth Suicide Prevention program funded by a grant from the Substance Abuse and Mental Health Services Administration to the Maine Suicide Prevention Program, a program of the Maine CDC.

Project Director, Evaluation of Healthy Maine Partnerships (HMP) Initiative 2011 – 2015

Led a team of evaluators in the evaluation of Maine’s statewide system of local public health coalitions.

Research Advisor, AddVerb Productions (<http://www.addverbproductions.org>) 2011 – 2014

AddVerb promotes healthy behavior through theater performances in high schools throughout the US, followed by guided discussion: *You the Man* a 30-minute one-man play, portrays five male characters affected by violence committed by men around them; the goal is to support bystander prevention for interpersonal violence. *The Thin Line* takes a similar approach to eating disorders.

– **Member, Institutional Review Board** 2006 – 2016

Vida Health Communications, Inc., Cambridge, MA (<https://vimeo.com/allbabiescry>)

– **Director of Research and Evaluation** 2005 – 2012

Responsible for development of research capacities and funding, research design, and evaluation of health communication media products.

Capacities, Watertown, MA and Portland, ME (www.capacities.org)

– **President and Founder** 2004 – 2010

Woman-owned business devoted to health promotion interventions and research.

Expertise in multi-method multi-level research methodologies.

Completely rewrote *University of New England Policies, Procedures and Guidance on Research with Human Subjects* and all related forms

Secured contracts with Massachusetts Department of Public Health to conduct program evaluation and policy research (see “Research Grants” below), and training on how to assess prevention interventions (see “Presentations” below).

Consultancies include grant writing, research design, development of research instruments and institutional policies, procedures and forms, and dissertation coaching.

Northeastern University, Bouvé College of Health Sciences, Institute on Urban Health Research, Boston, MA

(www.northeastern.edu/IUHRP/about/)

– **Principal Research Scientist /Director of Research** 2002 – 2004

With research staff from Boston University, helped to found this Institute, sponsored by Northeastern University with \$750,000 over 5 years.

Developed mission, goals and programs; assisted Faculty Scholars to develop grant funding; oversaw research staff of 10, plus Student Fellows.

- Boston University School of Public Health**, Social and Behavioral Sciences Department, Boston, MA
(<http://sph.bu.edu/research/>)
- **Senior Researcher** 2001 – 2002
Directed evaluations of capacity-building, and substance abuse treatment for Latinas.
- New England Research Institutes**, Watertown, MA (www.neriscience.com)
- **Research Scientist** 1994 – 2004
Generated and administered \$4 million in federal research grants (see “Research Grants” below).
Created and evaluated three award-winning health videos, as well as printed materials and Web sites.
Progressed from Project Director to Investigator to Principal Investigator.
 - **Member, Institutional Review Board for the Protection of Human Subjects** 1997 – 2001
- Yale University**, Department of Psychology, New Haven, CT (www.yale.edu/psychology/)
- **Research Associate** 1991 – 1994
Directed a 3-year study of HIV counseling and testing for women.

TEACHING AND LEGAL EXPERIENCE

- Boston College**, Department of Psychology, Newton, MA
- **Teaching Fellow** 1987 – 1991
Taught statistics, methods practicum in (sex roles) research.
- University of Southern Maine**, Portland, ME
- **Instructor** (part time) 1981 – 1984
Taught paralegal studies: introductory, and advanced domestic relations.
- Advocates, Inc.**, Portland, ME 1980 – 1989
- **Executive Director** (part time)
Administered legal services for all clients of Maine Dept. of Mental Health and Corrections.
Trained Maine Human Services Department personnel in client advocacy.
- Morrill & Associates**, Portland, ME
- **Attorney (Senior Partner) and Family Mediator** 1976 – 1989
Specialized in family law: divorce, protection from abuse, child custody, neglect and abuse, juvenile delinquency, special education. Also family mediation.
- Maine Department of Mental Health and Corrections** 1974 – 1976
- **Resident Advocate**
Investigated and attempted to resolve all complaints concerning violation of rights of residents of state facility for the mentally retarded.
Collaborated with legal aid attorney to institute ground-breaking right-to-treatment class action Wuori vs. Concannon.
Served on committee to revise involuntary commitment statute.

RESEARCH GRANTS

Substance Abuse and Mental Health Services Administration

- Screening, Brief Intervention and Referral for Treatment (SBIRT) Student Training Grant** 2016 – 2019
– Grant Application Coordinator and Writer (2016) (PI: Clay Graybeal)

Maine Center for Disease Control and Prevention

Evaluation of Building Caring Connections in Maine (Suicide Prevention Program) 2014 – 2016
– **Project Director** (2014 – present)

Evaluation of Healthy Maine Partnerships Initiative 2011 – 2015
– **Project Manager** (2012 – 2014); **Project Director** (2014 – present)

March of Dimes

Evaluating Prematurity Recurrence Prevention Intervention 2012
– **Lead Evaluation Consultant**

Used a combination of methods – in-house content review, key informant interviews, nation-wide on-line survey of NICU Family Support® Specialists, and direct observation to assess content and implementation fidelity of an educational session for NICU parents, intended to reduce the recurrence of preterm birth.

Evaluating Effectiveness of “Close to Me” in Changing Practice 2010 – 2012
– **Lead Evaluation Consultant**

Evaluated the effectiveness of March of Dimes’ “*Close to Me*” intervention to increase the early, frequent and extended use of “kangaroo” (skin-to-skin) care of preterm newborns while in the Neonatal Intensive Care Unit.

National Institute of Mental Health

Parent Management Training for Child Conduct Disorder:

An e-Course for Clinicians

Phase I (score, new system 18): 2010 – 2011

– **Co-Principal Investigator**

Develop a prototype media-based version of a training program for clinicians serving families with a child having conduct disorder.

National Institute on Child Health and Human Development

All Babies Cry: Shaken Baby Syndrome Parent Education Toolkit (HD061122) Phase I&II (score 166): 2009 – 2011

– **Co-Principal Investigator**

Develop, produce and evaluate “*All Babies Cry*,” an educational media package for parents of newborns.

Childhood After Preterm Birth: The First Three Years

Phase I (score 175): 2007 – 2008

– **Evaluator** (PI: Lisa McElaney)

Evaluate two media-based educational programs, one for parents of children born preterm, and one for early intervention specialists, on the developmental needs of children born preterm during their first three years.

Youth Violence Prevention Training for Health Professionals

Phase I (score 139): 2007 – 2008

– **Evaluator** (PI: Lisa McElaney)

Evaluate a web-based multi-media training and supplementary learning resources for pediatric providers to address core competencies developed by Academic Centers of Excellence on Youth Violence Prevention.

After School Gets Moving

– **Co-Principal Investigator**

Phase II (score 197): 2009 – 2011

– **Evaluator** (PI: Lisa McElaney)

Phase I: 2006 – 2007

Evaluate a media-based educational program to help staff in urban after school programs incorporate more physical activity for children age 8-10.

National Institute of Environmental Health Science

Managing Environmental Risks in Pregnancy

Phase II (score 186): 2008 – 2010

– **Evaluator** (PI: Lisa McElaney)

Phase I (score 182): 2006 – 2007

Evaluate two media-based educational programs, one for prenatal providers, and one for pregnant women, on how to protect a fetus from environmental hazards.

National Institute on Occupational Safety and Health

Workplace Violence Training for Nurses

Phase II (score 156): 2009 – 2011

– **Evaluator** (PI: Lisa McElaney)

Phase I (score 150): 2007 – 2008

Evaluate web-based training and train-the-trainer package to help nurses learn more about, and cope with, workplace violence

Massachusetts Department of Public Health, HIV/AIDS Bureau

The L.I.F.E. Program®

2007 – 2008

– **Evaluator**

Evaluate the effectiveness of the Learning Immune Function Enhancement program – a group-level, multi-session psycho-educational intervention – in prison and jail settings in Massachusetts. Outcomes are HIV health-related knowledge and skills, risk behaviors associated with and rate of HIV transmission from inmates to partners, engagement and retention in medical care, prevention and other supportive services in the community following release.

Centers for Disease Control and Prevention (via Mass. Department of Public Health, HIV/AIDS Bureau)

Evaluation of MA Partner Counseling and Referral Pilot Program

Phase II: 2007

– **Evaluator**

Phase I: 2006

Design and conduct a multi-method evaluation of a second 6-site pilot project to identify, locate, and notify sex and drug-sharing partners of clients living with HIV of their exposure to HIV. Results will be used to inform state-wide expansion of Partner Counseling and Referral Services.

Evaluation of MA Rapid HIV Testing Program (<http://www.capacities.org/RT.shtml>)

2005

– **Evaluator**

Designed and conducted a multi-method evaluation of a demonstration project providing rapid HIV testing to clients of hospitals, community health centers and correctional facilities in Massachusetts. Results were used to formulate a state-wide policy on the use of rapid HIV testing.

Evaluation of Transitional Intervention Project

2004

(jointly funded by Health Resources and Services Administration) (<http://www.capacities.org/TIP.shtml>)

– **Evaluator**

Designed and conducted a multi-method evaluation of a demonstration project that provides intensive case management services for incarcerated persons living with HIV as they transition back into the community. Products include a manuscript, documentary exhibit, booklet and a Web site.

Intervention to Increase Use of Data in the Decision-Making of the

1999 – 2003

Massachusetts HIV Prevention Planning Group

(<http://www.northeastern.edu/bouve/research/centers/IUHR/intervention.html>)

– **Evaluator** (PI: Hortensia Amaro)

Directed a multi-method study of decision-making by the Massachusetts HIV Prevention Planning Group. Utilized archival review, formative interviews, structured observation, and survey methods. Evaluated structural/capacity-building interventions by MDPH to enhance the group's use of behavioral data.

National Institute on Aging

Food for Life: Healthy Meals Elders Can Live With \$750,000 Phase II: 2001 – 2004
(www.capacities.org/Food.shtml) \$100,000 Phase I: 2000

– Principal Investigator

Designed, produced and evaluated a workshop, video and booklet for older adults to promote healthier meals.

Substance Abuse and Mental Health Services Administration

Entre Familia Expansion Project 2000 – 2003

– Evaluator (PI: Hortensia Amaro)

Evaluated the effectiveness of new services – (a) “Step Up” job preparation services, and (b) services for pregnant and newly post-partum clients – at Entre Familia, a 12-month residential substance abuse treatment program for Latina women and their children.

National Institute of Justice

Child Custody and Visitation When the Father Batters the Mother \$250,000 2000 – 2003

(www.capacities.org/CCDV.shtml)

– Principal Investigator

Evaluated the effectiveness of two provisions of the Model Code on Domestic Violence in protecting battered women and children in contested child custody/visitation cases in six states.

National Institute of Allergy and Infectious Disease

Enhancing HIV Counseling and Testing for Women (AI 39908) \$750,000 Phase II: 1998 – 2001

(www.capacities.org/HIV_CT.shtml)

\$100,000 Phase I: 1996 – 1996

– Principal Investigator

Designed, produced and evaluated the effectiveness of a video, “Talk About Testing,” for women who test for HIV and their male partners. Its goal is to increase partner testing and safer sex.

Health Care Advance Directives for People Living with HIV (AI 40413) \$750,000 Phase II: 1998 – 2001

(www.capacities.org/AD.shtml)

\$100,000 Phase I: 1996 – 1997

– Principal Investigator

Designed, produced and evaluated the effectiveness of a video package, “In Good Hands,” for people living with HIV. The goal is for users to execute a health care advance directive.

Created a related web site at www.capacities.org/advance_directives/intro.html.

National Cancer Institute

Buddy Program for Breast Cancer Clinical Trials \$100,000 1995 – 2000

(<http://www.capacities.org/BC.shtml>)

– Principal Investigator

Developed and tested a pilot intervention that pairs candidates for breast cancer clinical trials with a “buddy” who has been in a similar trial, to help the candidate through the decision-making process.

Screening Older Minority Women: Trans-Generational Recruitment \$911,000 1996 – 1999

– Co-Investigator (PI: Sarah McGraw)

Designed a lay intervention where middle-aged women encourage older minority women to screen for breast and cervical cancer, and evaluated its effectiveness.

Breast Cancer in Younger Women

1994 – 1996

– **Project Director** (PI: Nancy Avis)

Designed, produced and evaluated a video, “Four Stories,” for women under age 50 who were recently diagnosed with breast cancer, portraying how four younger survivors coped with partner and family relationships, sexuality and body image. Created a related Web site.

Videotape to Enhance Breast Cancer Clinical Trials

1994 – 1996

(http://www.capacities.org/BC.shtml#Clinical_Trials)

– **Project Director** (PI: Nancy Avis)

Directed research to design an award-winning video to enhance enrollment in a breast cancer clinical trials.

American Foundation for AIDS Research

HIV Counseling and Testing for Women

1991 – 1994

– **Project Director** (PI: Jeannette Ickovics)

Directed a 3-year study of the effectiveness of HIV counseling and testing as a preventive intervention.

AWARDS

Health and Science Communications Association (2012). *All Babies Cry* received Best of Show award.

WorldFest Platinum Remi Award (2012) for *All Babies Cry*.

Telly Award (2012) for *All Babies Cry*.

Telly Award finalist (2003) for *To Your Health - New Ways to Eat Well*

CINE Golden Eagle (2000) for *Talk About Testing*.

Health and Science Communications Association (2000). *Talk About Testing* received *Bronze Award*.

Freddie Award (1999) International Health & Medical Film Competition. *Talk About Testing* received first place in HIV/AIDS category. *In Good Hands* was a Finalist.

National Health Information Award (1999). *Talk About Testing* received Gold Award. *In Good Hands* received Merit Award.

Global Awards Competition (1999). *In Good Hands* was a Finalist.
